

# TRACK SCHOOL ASSETS TO REDUCE COSTS

Lost or unaccounted for property and assets across your district—from IT and other equipment, vehicles, and buildings to contracts, warranties, and license agreements—not only jeopardize funding, it can result in a loss of public trust. School Asset Manager helps streamline asset management, while ensuring your community that their investments are wisely managed.

## CHALK UP THE LOSSES...

**-\$1300**

**ADAMS 12 FIVE STAR DISTRICT (CO)**

## Erase loss and theft...

Replace hard-to-manage paper lists and spreadsheets! School Asset Manager uses the latest cloud and mobile technologies to help streamline district-wide property and asset management, while driving greater accountability and ensuring the public trust.

## How does it work?

- 1 TAG**  
Affix property with highly adhesive 3M tags.
- 2 SCAN**  
Scan to add—or import—assets in minutes.
- 3 UPDATE**  
Update asset details by scanning QR codes.
- 4 REPORT**  
Report on assets using any criteria you choose.

## WHY SCHOOL ASSET MANAGER?

### COMPREHENSIVE TRACKING

Track district-wide property and assets—from IT equipment, school buses, and buildings to contracts, warranties, and license agreements, and more.

### MOBILE INTEGRATION

Use smart devices to quickly add, update, and capture images of assets.

### ALERTS

Get alerts for critical dates, such as warranty expiration, contract renewals, scheduled maintenance, and more.

### ONLINE REPORTING

Quickly create custom reports and export to common formats with one click.

### SUPPORT INTEGRATION

Create and link support tickets to assets for accurate support history.

### DISTRICT-WIDE ASSET TRACKING AND MANAGEMENT

### STREAMLINED PROCESSES FOR GREATER ACCOUNTABILITY

### EVIDENCE-BASED INSPECTIONS AND TESTING COMPLIANCE

### BETTER WORKLOAD AND RESOURCE MANAGEMENT

### GREATER VISIBILITY THROUGHOUT ASSET LIFECYCLES
