PHOENIX, Oct. 5, 2017 /PRNewswire/ -- Troxell/Summit, a national leader in education technology and collaboration solutions for more than 60 years, is happy to introduce Will Stone as the Account Executive for the Louisiana Territory. Will Stone has been with Troxell/Summit for 3 years, and he will continue to work closely with school districts to fulfill their education technology needs and initiatives.

"I enjoy the opportunity to serve and help school districts with their audio/visual and technology needs," said Will Stone. "I look forward to continuing to help Louisiana's children enhance their learning with current technology and as they begin the journey to launch STEM/STEAM, MakerSpace, and other initiatives."

"Will Stone is deeply committed to helping bring new and exciting educational solutions to educators and students," said Randy Duet-Champagne, Regional Vice President of Troxell/Summit's Southeast Territory. "He is passionate about investing time with his clients to ensure that they not only have the right tools but also the training and support to fully meet their technology goals. Will may seem intimidating at 6'7", however anyone that meets him quickly realizes that he may be the nicest, most sincere person they have ever met."

Will was born and raised in Baton Rouge where he graduated from Central High School and went on to attend Louisiana College. After graduating from Louisiana College, he spent the next 13 years working in education as a counselor, teacher, administrator, and coach. The transition to Troxell/Summit was natural as he continues to serve the education community of his home state. Will currently resides in Destrehan with his wife and three-year-old daughter.

You may contact Will Stone at 318-458-4298 and will.stone@trox.com.

About Troxell/Summit

Headquartered in Phoenix, AZ, Troxell is the nation's leading end-to-end solution provider for technology and collaborative solutions in K-12 and higher ed.
